Mafia Island is an unspoiled location off the Tanzanian coast. Its tropical palm grove on the beach has everything you need to unwind. Watch the morning sun glint on the turquoise surface of the Indian Ocean from your bungalow or hotel room as whale-sharks come to rest and feed (Butiama Beach only).

Sail to a pristine sandbank in a traditional dhow, snorkel and dive at some of the richest reefs in the world, or simply take a long walk along the beach and discover this idyllic haven for yourself.
